Our Work

We work to improve bicycling by:

- Advocating for safe bicycle infrastructure including protected bikeways, green lanes and more.
- In addition to advocating at the local level, we also work on state and federal policies and laws to improve bicycling
- Empowering San Diegians to use bicycles as a mode of transportation
- Encouraging governmental policy shifts to include bicycling and its community
- Discouraging attempts by cities and the County to remove bicycle lanes, paths and trail access to bicycle usage
- Promoting implementation of bikeway master plans for all cities in San Diego County
- Fostering safety awareness programs for bicyclists, motorists, and law enforcement
- Organizing San Diego County's CicloSDias Open Street events
- Offering bicycle education classes and resources to create safer bicyclists
- Working with MTS and NCTD to ensure all that transit options accommodate bikes
- Working with SANDAG as they allocate funding for regional transportation projects
- Coordinating San Diego's Best Cycling events Bike the Bay, Tour de Fat, Joy Ride, and more
- Working with our local business districts to encourage people to bike local, shop local.

LIFE BY BIKE

Our Mantra

San Diego County Bike Coalition: Life By Bike

The San Diego County Bicycle Coalition advocates for and protects the rights of all people who ride bicycles. We promote bicycling as a mainstream, enjoyable and safe form of transportation and recreation.

Since 1987, the Bike Coalition has acted as a voice for bicyclists in the region and has advocated for safer streets and hundreds of miles of bicycle paths, lanes and trails all across the San Diego region. We conduct educational programs, promote awareness of bicyclists and bicycling issues, review infrastructure improvements, and act as a voice for bicyclists to elected officials and decision makers all over San Diego County.
